## My Real Life:

A) Rima places her books in 3 groups of ten. How many books does she have?

$$3 \text{ groups of ten} = 3 \text{ tens} = \underline{30} \text{ books}$$

B) Samir puts his CDs in 4 groups of ten. How many CDs does he have?

$$4 \text{ groups of ten} = 4 \text{ tens} = \underline{40} \text{ CDs}$$

C) Jana puts her rocks in one group of ten. She has 6 rocks left over. How many rocks does she have?

$$1 \text{ ten} + 6 \text{ ones} = \underline{16} \text{ rocks}$$

D) Nadim puts his stickers in 6 groups of ten. He has 7 left over. How many stickers does he have?

$$6 \text{ tens} + 7 \text{ ones} = \underline{67} \text{ stickers}$$
